Hawaii Swish - Testimony in SUPPORT of Bill 78

2017 APR -6 PM 4:30

Aloha Councilmembers,

My name is Lorraine Revilla and I am writing in

SUPPORT of Bill 78, which would allow the City to develop a sponsorship program, that would allow people, community groups, or businesses to sponsor part of a city programs facility, park, or equipment, and in exchange for sponsorship, receive recognition for their support.

I am a proud member of the the ABA Hawaii Swish Basketball Dance Team, an extension of the only professional basketball team in Hawaii. We regularly use outdoor spaces, City facilities, and perform at the City's Neal Blaisdell Center. I support any initiative that would encourage improvements made in our parks & City facilities.

Bill 78 would help create alternate revenue streams that will increase the City's ability to deliver services and to maintain city assets, without raising resident's taxes or fees. This will encourage the community to take a more active approach to parts of our city they are passionate about.

I support creating this program and ask that the Committee pass Bill 78.

Thank you,

Signature
